Why Papersnap® is the ideal single-dose packaging solution for people and the planet

FOR PLANET

- ✓ Fully recyclable in the paper stream
- ✓ Prevents food waste with precise dosing
- ✓ Saves up to 70% energy in production
- ✓ No tear-off parts: one pack, one waste item (EU Compliant)
- ✓ Reduces transportation costs with 40% more stockable materials

FOR PEOPLE

- ✓ Easy, one-hand opening for universal accessibility
- ✓ High product restitution, minimizing waste
- ✓ Hygienic and easy to dispense
- ✓ Air-free design for longer shelf life
- ✓ Safe dosing: use only the exact amount needed

INNOVATIVE
SUSTAINABLE
& UNIVERSAL

Papersnap® is the only worldwide patented one-hand opening portion pack, made of over 80% paper, designed for dispensing liquid and semi-liquid products.
