

CUSTOMIZE YOUR DESIGN & LAYOUT

Personalize front & back with your brand image and your communication.

Select the most appropriate volume for your product category among our range of standard sizes, from 0,1 to 30 ml.

The innovative packaging design of an Easysnap means great opportunity for your marketing strategy or for new product development. It is completely printable and customizable in size (dimensions & volume) and shape.

HOW TO CUSTOMIZE EASYSNAP?

HIGH DEFINITION FLEXO OR ROTOGRAVURE PRINTING PROCESS COMBINED WITH INLINE PRINTING
Up to 10 colors and high quality finishing.

CUSTOMIZE THE SHAPE OF YOUR PACK

Your Easysnap can be customized in shape, according to your visual identity, your marketing goals or your distribution channel.

EASYSNAP OPENING TRADEMARK

Easysnap is an opportunity to distinguish your brands and products thanks to a worldwide patented opening technology. Strengthen the uniqueness of your pack by marking it with the Easysnap Opening Trademark. It certifies that your pack benefits of the only one hand opening technology and explains how it works.

FIT YOUR BEST SIZE & VOLUME

— Versatility across volumes

DESIGN THE BEST CONFIGURATION FOR YOUR EASYSNAP

Versatile settings of our automatic machine Pulsar 351 allow to configure size and volume of Easysnap packaging to fulfill your market needs: product category, way of consumption, distribution channel.
