Why Papersnap® is the best packaging system for people and planet

Recyclable with paper

Papersnap® markets

Papersnap® applications

FOR PEOPLE

- ✓ Universal accessibility
- ✓ High product restitution
- ✓ Hygienic
- ✓ No air inside (long shelf life)
- ✓ Health and care: use only the exact quantity

FOR PLANET

- ✓ Fully recyclable materials
- ✓ Food waste prevention
- ✓ Reduced transportation costs
- ✓ No tear-off parts. One pack, one item of waste.
- ✓ 70% Energy saving in the production process

This brand new Easysnap® is made up to **85%** of paper. It has the same smart advantages of the Easysnap® opening technology, plus it is recyclable with paper. Easysnap Technology has embarked on the journey towards the realization of the **most sustainable packaging in the world.**
